

## ROC wins 2010 SAP UKI Line of Business Award

### ROC Systems Consulting Limited, an SAP Services Partner Specializing in Support of SAP® ERP HCM, Wins 2010 SAP UKI Partner of the Year – Line of Business Award

ROC recognised for its contributions in support of SAP ERP Human Capital Management application; Innovation key to ROC's recent success with **tHRive**, its on-demand and on-premise usability suite.

London, UK – 17<sup>th</sup> June 2011 – ROC Systems Consulting Limited today announced it has been awarded a [2010 SAP UKI Partner Award](#) in the category 'Partner of the Year – Line of Business'. Awards were presented by SAP UKI on May 26, 2011, at the Soho Hotel in London. Twelve awards were given to the top-performing SAP partners in UKI for outstanding contributions in revenue growth, marketing and customer service.

The Partner of the Year - Line of Business award specifically recognises ROC for its close working relationship with SAP in support of customer engagements involving the SAP® ERP Human Capital Management (SAP ERP HCM) application. The award was presented to ROC by Lizzy Squires, alliances director, SAP UKI.

*"ROC is a significant and committed contributor to SAP's line of business," said Squires. "Over the last 18 months, ROC has launched its **tHRive** on-demand offering, which provides customers a flexible deployment of SAP ERP HCM, quick time-to-benefits realisation, and mobile capabilities."*

*"We are extremely proud of this achievement," said Jerry Chilvers, global CEO of ROC. "As an SAP services partner and an on-demand solution provider, we spend all of our time helping customers get the most from their implementations of the powerful SAP ERP HCM application, in ways that best suit the organisations' needs. A lot of hard work has gone into creating our **tHRive usability suite**, which now underpins most of our self-service deployments, as every organisation knows how important it is to maximise the reach and adoption of SAP software. **tHRive** makes life easy for all users: HR administrators, line managers and employees. This award is a direct result of all the hard work that has been invested by our solution architects and consultants."*

*"We are looking forward to the next few years, as cloud availability and ease of adoption become increasingly important key factors in an organisation's software decisions," added Chilvers. "**tHRive** caters to these requirements, so we are well prepared to meet customers' expectations. It's an exciting time for SAP, ROC and our joint customers."*

#### About ROC

ROC is a global HCM specialist, deploying and supporting SAP ERP HCM solutions: [On Demand](#), [On Premise](#), [On Device](#). Our web-based HCM application, **tHRive**, is easy to use and easy to deploy. Leveraging the latest web-dynpro technology it comprises: *HCM Shared Service*, a ready to run shared service centre application; *HCM Admin Console*, for efficient employee data maintenance; *HCM Forms*, to move all manual processes online; *Self Service HCM*, an intuitive application for managers and employees (with mobile access); and *Performance & Goal Management*, a unified application for managing performance, goals and development activities.
