

ROC & SAP Partner Event

ROC & SAP Partner Event

Interested in selling more SAP licences?

Want to get up to speed with SAP HR On Demand?

Like socialising over a glass of fine wine?

Then this one is for you...

Many of you know us and have been to our events before. For those of you that don't, we are committed to making it as easy as possible for you to sell more SAP licenses.

So, while enjoying the fruits of Burgundy we will explain ***How to sell SAP HR On Demand to HR and IT Directors.***

ROC has recently launched a new HR On Demand offering, powered by SAP called tHRive which we will be sharing with you at the event.

The location is the legendary venue of Kettners situated in the heart of Soho. It was first opened by Auguste Kettner, chef to Napoleon III in 1867. Wine tasting will take place in The Apartment on the top floor, which draws its inspiration from a French film director's lair.

The evening will be informative and fun and offer plenty of networking opportunities with your SAP and ROC colleagues. Canapés will be served.

The Wine Merchant

Montrachet is a privately owned wine merchant, specialists in fine domaine-bottled Burgundy, Rhône, Cru Classé Bordeaux as well as importing some delicious wines from the Loire and Germany. An expert will be on hand to answer any questions.

We hope you can join us. The ROC Team

About THRive On Demand

THRive, the On Demand Solution from ROC encapsulates 30 years of global HR and Payroll expertise from SAP, world leaders in Human Capital Management software. Underpinned by ROC's Global HR Process Framework and combining superior usability and mobile access with fully integrated HR, Talent, and international Payroll, **THRive** delivers compliance wherever you are in the world.

THRive is a web based service for the entire workforce, utilising secure cloud computing technology. There are applications for Employees, Line Managers and Administrators. The latest SAP Portal and Business Objects technology delivers enhanced usability and HR Dashboards. There is no need to worry about costly implementations, maintenance or upgrade fees; you pay a single monthly fee for the service and you realise the benefits rapidly.

THRive-m supports employees on the move. Using mobile devices (such as the iPhone), employees can search for colleagues, edit their profile, enter time and expenses, request leave and view their pay statements.

Engaging the wider workforce with **THRive**.

ROC is a global SAP Human Capital Management specialist, delivering transformational change solutions across the end to end employee lifecycle, underpinned by SAP technology. ROC has helped large & complex organisations harmonise processes, streamline operations & improve employee engagement. Our expertise encompasses on-premise & the latest on-demand technology.
